

# Never Changing

Our God is strong  
Refuge for the weak  
He is holy, the one and only

Gave his only son  
Saved us from our sin  
(Now) we're alive, we are free

## **CHORUS:**

God is never-changing  
You are always good  
We're living in the truth  
Give him all the glory  
God is on the move  
We are breaking through

In the darkest hour  
I will choose to praise  
God is able, more than able

Though I cannot see  
(I'm) stepping out in faith  
The great & mighty fights for me

## **BRIDGE:**

All honour, all power  
Belong to you, belong to you  
All worship and praise  
Belong to you, belong to you
